rooms and suites**

Shambhala Beach Resort is first and foremost a lifestyle retreat designed for you to feel good and relax in a stylish beach front ambiance.

We offer a collection of boutique resort wings surrounding Shambhala beach bar, lounge and restaurant.

We are nestled inside an exclusive private estate, Siam Royal View and have access to a rare, virtually private, sandy beach of 2 km in length and an entire bay accessible only from this beach.

The views are facing the islands in the bay on the sunset side. The stunning private development offers access to 5 beaches, 2 beach front infinity swimming pools, one roof top infinity swimming pool, a private pier with our own "house" coral reef, water sports facilities, 2 gyms, wellness, detox and weight loss programs, several restaurants and bars, a golf course (pitch and putt golf course, 9 hole par 3), yacht marina and a navigable river all rimmed by virgin jungle, protected mangroves and the turquoise ocean.
